FREE STANDING VEGA BASE SERIES

AGER VEGA BASE Series Cabinet; designed for data centers, system rooms and telecommunication. They are the appropriate solution for your heavy equipment with strong structure.

Color Options

RAL7035 Light Grey	RAL9005 Black

Cabinet Structure

Vega Base series cabinets reach the maximum strength with 45-degree vertical profiles fixed to the solid bottom and top frame with steel screws. An ideal solution for your heavy equipment with up to 600kg loading capacity because of special designed 7 bent surfaces of corner profiles. Also, cabinets own a modular structure. The cabinets could be mounted side by side.

They are network and server cabinets; suitable for office, system room,data centre, and cabling system installation. Compatible for all kind of 19'' brands and models network and server equipments.

During installation and while conducting routine maintenance and repair of installed equipment; removable side panels, rear door and the top plate allows to multiple easy access. Optimum depth for comfort cabling, server housing and equipment in the cabinets.

Side panels, Front and rear doors are lockable and accessible with the same key. Front and rear doors could be detached and reversed to allow the door to open from the rear of the cabinet.

Levelling Feet and Castors

The balance of the cabinet can be adjusted according to the height and floor conditions with 4 height-adjustable leveling feet install on the lower corners of the cabinet.

Optionally, each castor set is of 4 which 2 are with breakes, 2 are without breakes can be offered.

Side Horizontal Support Bar

Cabinets are supported by side horizontal support bar through depth and height directly proportional.

Top and Bottom Cable Entry

600-width cabinets' bottom plate has 250*300 slide cable entry hall with rubber edge. This module allows the maximum cable entries to the cabinet without any damage and ensures protection against dust and substances ingress.

For 600 mm width and 600 mm depth cabinets, there is no cable entry at the top plate. Depth of 800mm and above, there is one 70*316mm brushed cable entry at the top plate located centre of the rear.

In 800-width cabinets; in addition to the 600-width standard cabinets,the bottom plate and top plate of the cabinet have two 70mm * 316mm sized brushed cable entry holes for each. If required configuration can be changed. Please check the technical data page for the cable entries.

U Numbering

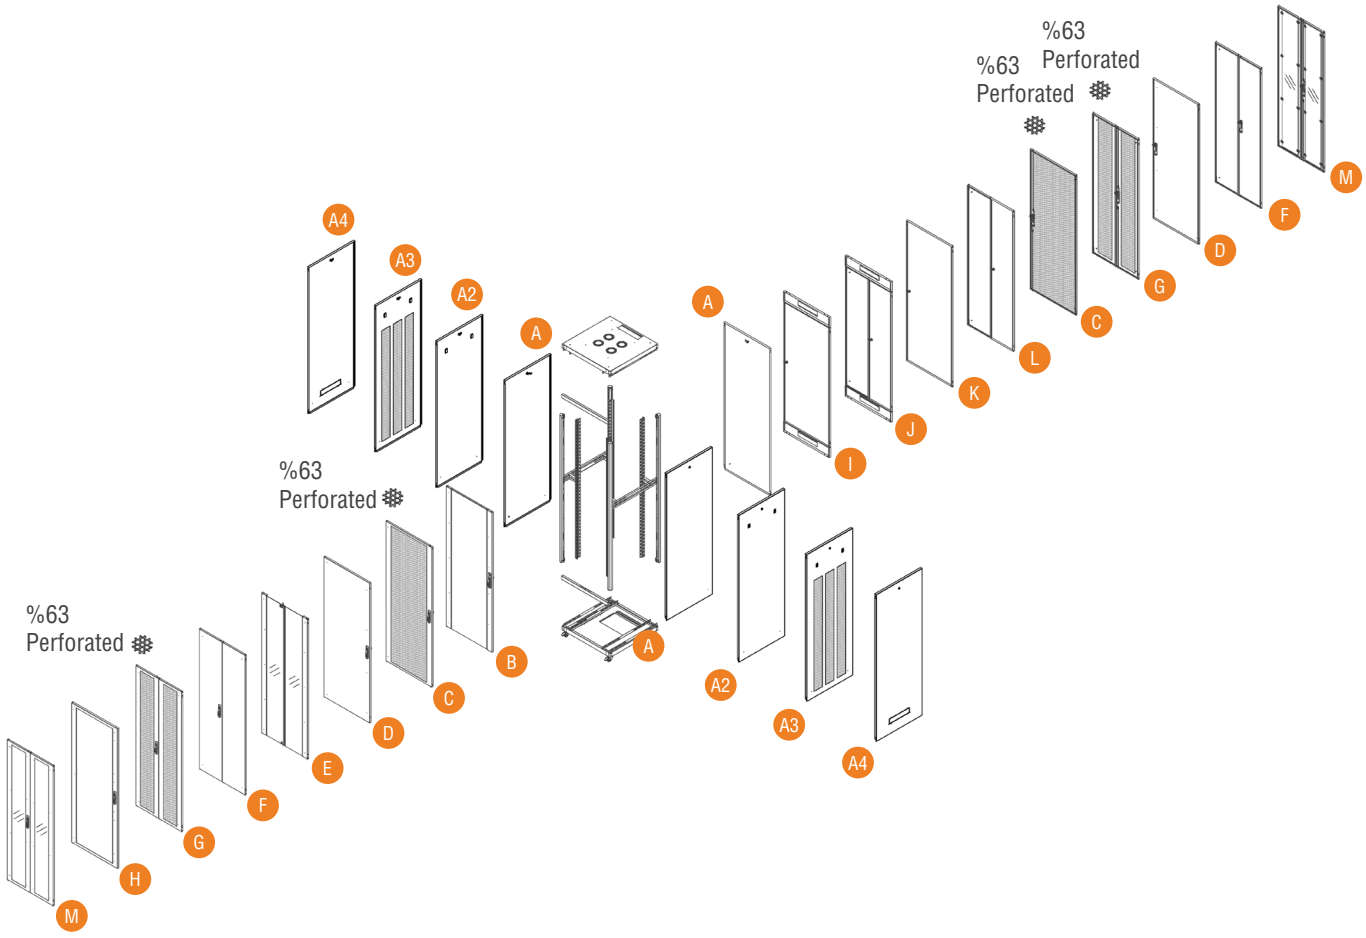
U numbering is printed with serigraphy to the mounting rails of the cabinet which helps to index of the devices housed in the cabinet.

Additional Side Panels

In cabinets with a depth of 1000mm and above, additional side panels are fixed from the inside of the cabinet, increasing the strength of the cabinet and creating space inside for the cabling and PDU. This cover can be done as perforated if additional ventilation is required in the cabinet.

Side Panels

The side panel model of VEGA series cabinets allows easy removal of side panels during assembly, maintenance and repair. The cylindrical locking mechanism is used on the panels.



AG	-	VB	42U	60	60	S1	-	B	A	A	A	-	A	-	M1
1		2	3	4	5	6		7	8	9	10		11		12

1. Company product coding system's initial character is AG that stands for AGER.
2. Product Series Code. VB stands for VEGA BASE Free-Standing,
3. Numeric Character defining the height of the cabinet. Depending on model differences, between 12 to 47 height variety available. U Height Alfanumeric Notation is fixed, not editable. 1U is 44.45mm.
4. The First two Digits of the width information. 60 for W:600mm cabinets, 80 for W:800mm cabinets.
5. The First two Digits of the depth information, 60 for D:600mm cabinets, 80 for D:800mm cabinets, 10 for D:1000mm cabinets,
6. Colour Codes. B1 for Light Gray RAL 7035. S1 for Black RAL 9005.
7. Front door variation number.*
8. Rear door variation number*
9. Right Side Panel variation number.*
10. Left Side Panel variation number..
11. Version information. A- Standart version. The version is changed alphabetically when any alteration made to the cabinet
12. Indicate how the cabinets' shipped. M1 for assembled, D1 for flat pack.

Free Standing VEGA BASE Series FRONT AND REAR DOOR Options

A Single Openning, Flat Shaped,Solid Metal,Snap Locking and Single point Locking with Barrel Lock, Panel.

B Single Openning, Flat Shaped, Glass door with frame,Single Point Locking with Handle.

C Single Openning, Flat Shaped, Complete Framed %63 Perforated, Metal Front Door, Single Point Locking with Handle

D Single Openning, Flat Shaped, Solid Metal Front Door, Single Point Locking with Handle

E Double Openning,Flat Shaped, Glass door with frame, 2 Point Locking with Barrel Lock, Top and Bottom

F Double Openning,Flat Shaped, Solid Metal Front Door, 3 Point Locking with Handle and Hinges

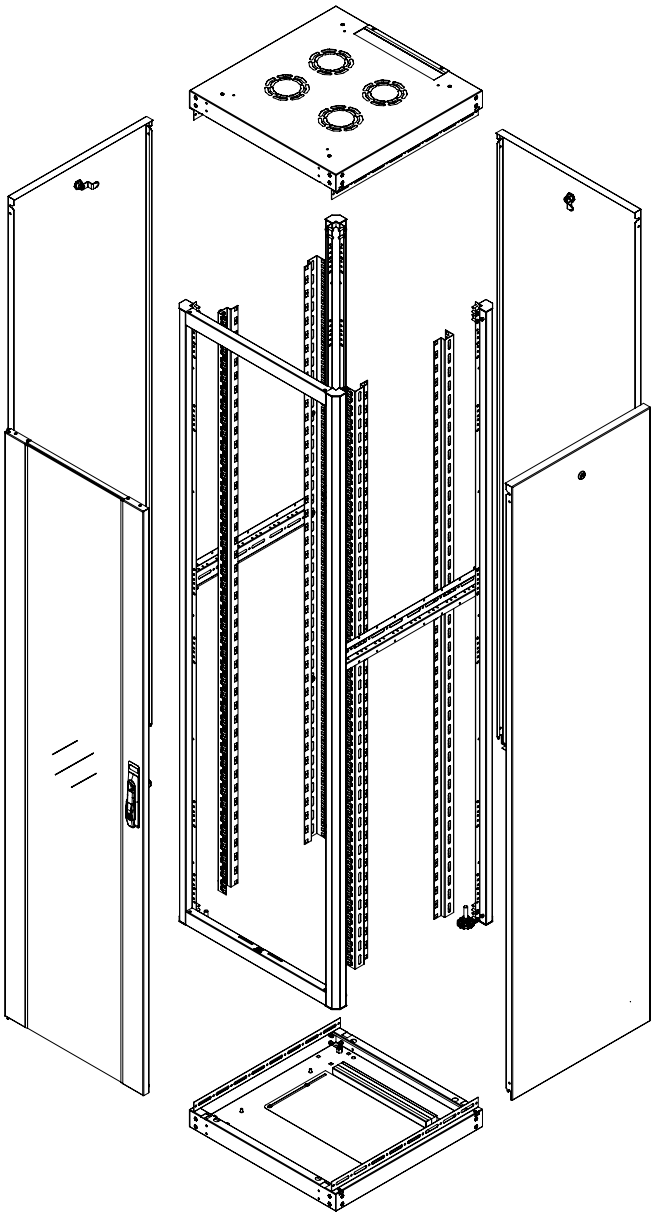
G Double Openning, Flat Shaped, Complete Framed %63 Perforated, Metal Front Door, 3 Point Locking with Handle and Hinges

H Single Openning, Flat Shaped, Glass Door with Complete Frame,Single Point Locking with Handle

K Single Openning, Flat Shaped, Solid Metal Rear Door, Single Point Locking with Barrel Lock,

L Double Openning,Flat Shaped, Solid Metal Rear Door, 3 Point Locking with Barrel Lock and Hinges

M Double Opening, Flat Shaped, Glass door with frame, Metal Front door 3 Point Locking with Handle and Hinges



Material
• 1.2 mm DKP

IP Classification
• As a standard IP20
• IP40 when solid matel panel applied for all access

Color Options
• RAL9005 Black
• RAL7035 White

Loading Capacity
• Recommended up to 600 kg Loading capacity

Doors
• Door options are available.
• Single point locking system
• Doors can be opened to 110 degree.
• Doors can be opened to left or right direction

Mounting Rails
• 19” Mounting rails; adjustable in depth of the cabinet
• 1.5mm DX51D galvanic

Side Panels
• Locking system is available, Side panels are removable.

Bottom
• Sliding cable panel

Rear Door
•Rear door is lockable.
• Rear door options are available

Ground contact
• Caster and levelling feet options are available
• Plinth is available as an option.

Top Sheet
• Fan module and Pagoda type top cover are avaible as an option

XX = Colour Code, B1 White RAL 7035, S1 Black RAL 9005, during order please specify the colour choice
Please consider when used levelling feet 30mm add to height, in castor add 80mm.
0000 = Please check the Door Options page.
YY = M1 for pre-assembled, D1 for flat pack.

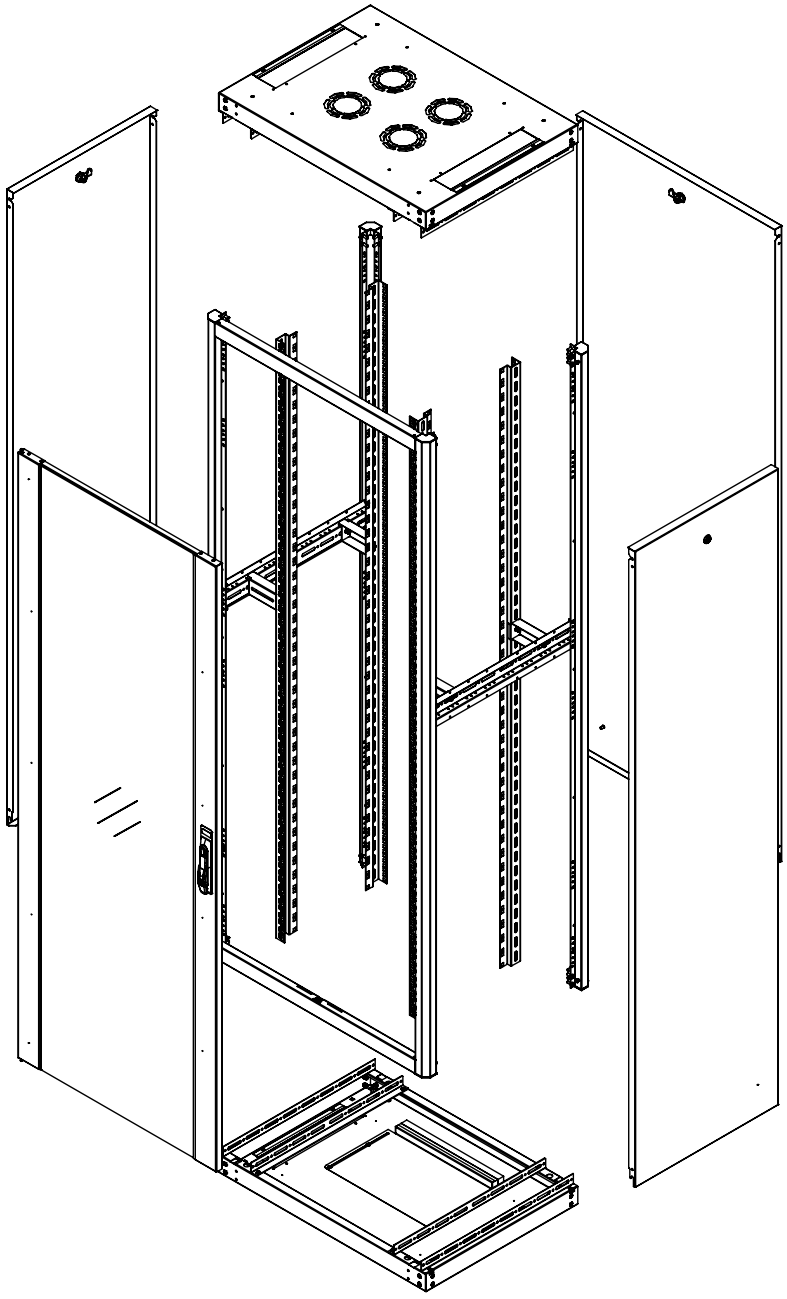
FREE STANDING VEGA BASE SERIES



Material
• 1.2 mm DKP

IP Classification
• As a standard IP20
• IP40 when solid matel panel applied for all access

Color Options
• RAL9005 Black
• RAL7035 White

Loading Capacity
• Recommended up to 600 kg Loading capacity

Doors
• Door options are available.
• Single point locking system
• Doors can be opened to 110 degree.
• Doors can be opened to left or right direction

Mounting Rails
• 19” Mounting rails; adjustable in depth of the cabinet
• 1.5mm DX51D galvanic

Side Panels
• Locking system is available, Side panels are removable.

Bottom
• Sliding cable panel

Rear Door
•Rear door is lockable.
• Rear door options are available

Ground contact
• Caster and levelling feet options are available
• Plinth is available as an option.

Top Sheet
• Fan module and Pagoda type top cover are avaible as an option
